Martin's Super Markets to Collect Donations for Area United Way COVID-19 Response Funds

SOUTH BEND, IN/March 25, 2020/Martin's Super Markets – Beginning Thursday, March 26, all 20 Martin's Super Markets locations in Indiana and Michigan will be taking customer contributions to support their county's United Way effort to respond to both short term and long term needs of individuals impacted by COVID-19. 100% of the donations will aid local COVID-19 relief efforts and donations will be distributed to the United Way chapters weekly.

“In the 72 years Martin's has been in business, our community has not faced a challenge quite like the COVID-19 pandemic,” said Amy Simeri-McClellan, senior vice president, Martin's Super Markets. “We are asking our customers, who have generously supported our community efforts throughout the years, to come through once again to aid those impacted by this on-going event. The United Way branches in all the counties we serve are working with their local leaders and not-for-profit partners to identify the most pressing needs in their communities. It made sense for us to partner with them to provide aid where it is most needed.”

Cashiers will be able to ring up any amount that customers wish to donate. “Typically, stores would collect cash contributions in buckets at checkout lanes,” Simeri-McClellan explained, “but to curb the handling of those containers and cash, donations will be added to customers' grocery purchase as requested.” Online shoppers may donate via Martin's “Groceries to Go” site <https://martinsgroceriestogo.com> when they place an order for pickup or delivery.

The branches included in the effort are: United Way of Cass County, United Way of Elkhart & LaGrange Counties, United Way of Kosciusko County, United Way of Marshall County, United Way of Southwest Michigan and United Way of St. Joseph County.
